REMARKS

RECEIVED
CENTRAL FAX CENTER
JAN 26 2007

In response to the Notification of Missing parts under 35 USC 371, Applicant believes that such a Request is improper. Applicant filed a properly executed Declaration with the filing of the PCT International application PCT/FR04/000713. Under 35 U.S.C. 371 (c) (4), a new oath or declaration must be filed only in the case of either a new international filing date or a change in inventive entity after the declaration was executed.

Applicant believes that neither of these causes of action have arisen, and therefore the Declaration in the PCT application should suffice to meet the US requirements under 35 USC 371.

A copy of the Executed Declaration that was submitted with the PCT application PCT/FR04/000713 is being attached for the convenience of the US Patent Office.
